(3) Agenda

A. Bike Skills Park subcommittee (Tom/all)

B. Revision of CTP to incorporate revised to include new cycling routes / signage (Gary/all) 2016-2017

Spreadsheet review of potential facilities to add to the CTP

- Question was asked: ACOG and City of Norman criteria don't perfectly match; City of Norman set a threshold but ACOG doesn't have specific range/threshold in some cases.
- Process: After this committee prepares recommendation goes to Transportation Committee (in progress of being appointed/reappointed)
- 1. Remove from spreadsheet the draft recommendation: Robinson (Berry to 24th) → not recommended to have "Add Share the Road" signs, use of Legacy Trail better.
- 2. 24th (Robinson to Rock Creek) → Share the Road → this may be a temporary sign
- 3. Rock Creek (24th – 36th) → Share the Road sign → this may be in conflict with having a multi-use path on that facility next to it. Communication to general public may be a problem. Traffic volumes currently are not extensive now but new development may occur. There are many unknowns with this section and concern about cyclists that need to use the road to cross.

Next Step: Map the spreadsheet with City of Norman GIS system to review at next meeting and continue discussion.

C. Bicycle Friendly Re-Application (James + all)
